

## MEDIA ADVISORY

**Date sent:** November 29, 2007

**Date of event:** November 30, 2007

### **Algonquin College Welcomes Renowned Architect Avi Friedman for *Currents* Guest Lecture**

Algonquin College's Faculty of Arts, Media and Design will host its second *Currents Speaker Series* lecture titled *Thinking Outside the Box about Homes and Communities* on Friday, November 30, in room T 102 on the College's Woodroffe Campus. The event will feature Avi Friedman, Architect and Director, Affordable Homes Program, School of Architecture, McGill University. During his visit to the College, Avi will deliver a lecture focused on building affordable housing and sustainable communities, followed by a question and answer session.

Avi Friedman is an Architecture Professor at McGill University and is internationally recognized for his work in regards to affordable, sustainable design.
